SOME NOTES ON THE PARTICIPANTS

The main purpose of the International CLM Meeting is to make acquaintance among us and share the experiences and steps of growth realized by the CLM in the different Regions where we are present. In order to achieve that, and to minimize the whole cost of the Meeting, we thought to invite only two representatives per each Region to take part in the Meeting (at least one, better if two).

We expect the participants to have the following characteristics:

- being native of the Region he/she represents;
- being a full member and with a long enough experience of the life of a CLM community (if two representatives, if two, they should possibly come from different communities);
- having an overall view and knowledge of other CLM communities of his/her Region, in order to represent them properly;
- in Regions in which CLM “followed by IMC missionaries” and CLM communities “followed by MC missionaries” are both present, it would be good if both realities could be represented.
- speaking or understanding another language, one among these: Portuguese, English, French, Swahili, Italian.
